

**A new year, a new love, a new you!**

**Hi,**

Welcome to 2010!

It's already into February, the month of love, and the year is rushing on.

What have you resolved to change about *you* this year?

- Have you moved to a different practice?
- Have you changed postal address?
- Have you married and changed your last name?
- Have you changed careers and you're not working as a Vet Nurse any more?

It's time to **update your details** and let us know of any changes in your life.

When you next log in to Bayer CARE, you will automatically be taken through to your past submitted details about you. If any of your details have changed, please update them so next time we need to send you a certificate for completing a course, a postcard about competitions you can enter or even a present for being you, we will know that it will reach you safe and sound!

Please [click here](#) to log in to Bayer CARE and update your details today.

Don't know your login details?

We look forward to helping you continue to CARE throughout 2010.

Wishing you a great year!

Bayer CARE team.

Warm wishes,  
**Bayer CARE team**
